

# Dynamex™\* Rise-It

## Paver Pedestal System for Ceramic & Porcelain Pavers

The Dynamex™ Rise-It Paver Pedestal System, is an integral part of your hardscaping installation.

Designed to fully support the load of installed pavers and foot traffic, while reducing vibration & shock, the system is tested to withstand over 6,500 lbs of load.

The main advantages of the Rise-It system are simplified and reliable installation, improved drainage and protection of critical roofing membranes and moisture barrier systems.

Precision manufactured and durably made from 100% recycled materials; Due to their high-load bearing properties and ease of leveling, the Rise-It system can be used to convert unused roof space into valuable patio real estate. Apply over broken sidewalks or uneven concrete areas to convert them into well-drained, level surfaces for entertaining, storage, or improved access.

**Simple to Use & Easy Install**  
Designed for Purpose. Engineered for Spec.

**Extreme Environments**  
From -58°C (-76°F) to 105°C (221°F)

**Epically Load Bearing**  
High Performance Industrial Rubber.  
Tested to Exceed 6,000 lbs of Load

**Anti-Vibration**  
Adsorbs Impact & Lowers  
Shock Transmittal

**Resistant to the Elements**  
Weatherproof, Temperature Resistant &  
Resists Mold, Mildew & Rot

**Exceptional Project Value**  
Made from 100% Recycled Components

### Applications:

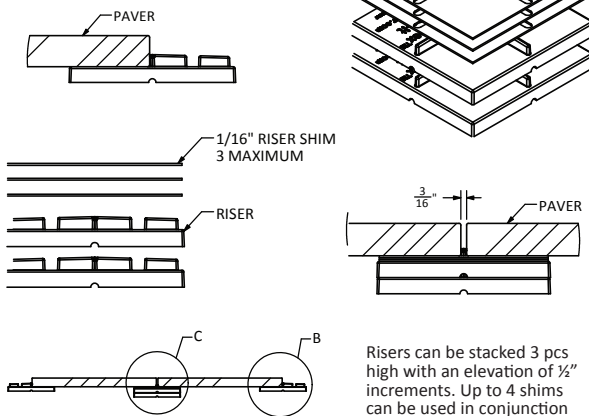

- Rooftops
- Terraces & Decks
- Patios
- Balconies, Verandas & Porches
- Around Swimming Pools

**LEED Credits:**  
*Recycled Content*  
*Storm Water Design*  
*Innovation in Design*

### Assembly Guide

Complete installation guide is available online:  
[www.paverriser.com](http://www.paverriser.com)

Risers can be stacked 3 pcs high with an elevation of 1/2" increments. Up to 4 shims can be used in conjunction in 1/16" increments for optimal levelling.
